206 169	112 717	22 276	27 383	35 862	7 931

*(We can also find out how many people live per m<sup>2</sup>)*

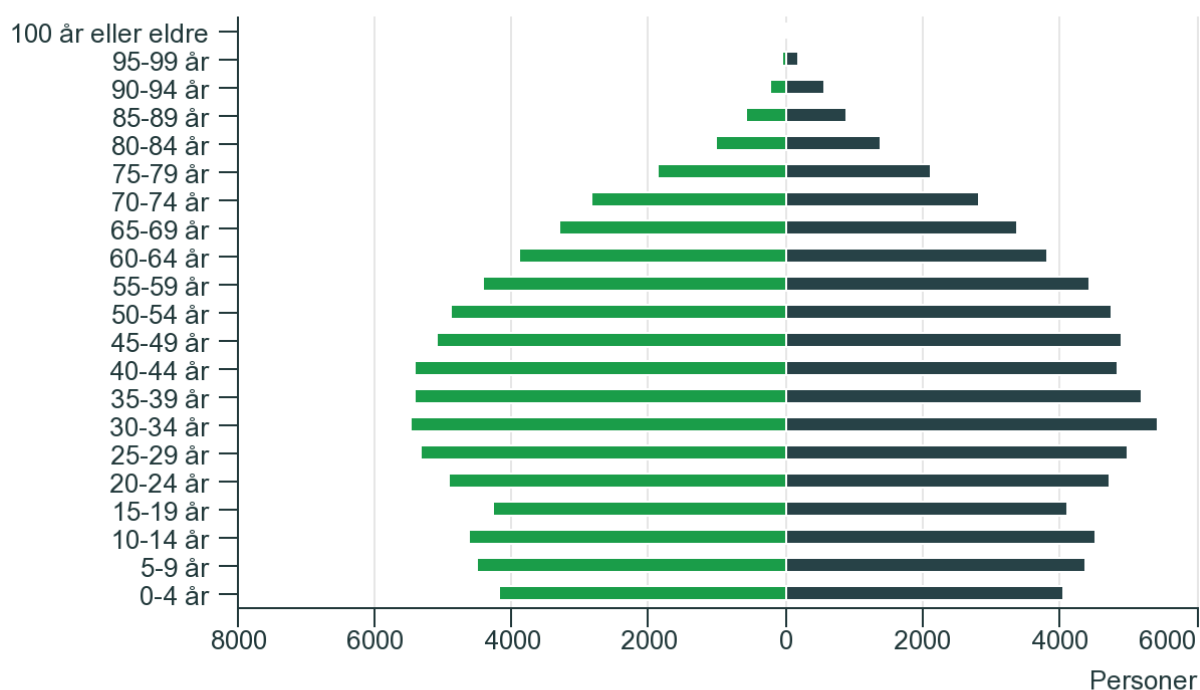

Here we might need to create our artificial plan on how many houses we can find per street or city and how many people live in each house to fit our project. This is because Stavanger has many sub-cities and islands and at the same time it is old city. There is a classification based on zip code, but it might demand us to contact the main office in Stavanger municipality.

### Population changes in 2020

Born	Died
1536	928

### Inhabitants age distribution

#### Aldersfordeling for innbyggerne i kommunen
